

618 Соединение прямое НР никелированное с уплотнительным кольцом

Technical drawing of a mechanical assembly in cross-section. The drawing shows a central component with a flange and a base. The central component has a flange with a central hole and a base with a central hole. The base is mounted on a larger, hatched structure. The drawing is labeled with numbers 1 through 8, indicating specific parts or features. The central component has a flange with a central hole and a base with a central hole. The base is mounted on a larger, hatched structure. The drawing is a technical sketch with hatching for cross-sections.

№	ОПИСАНИЕ	КО Л.	МАТЕРИАЛ
1	Уплотнительное кольцо	1	СКЭПТ
2	Кольцо	1	Fe
3	Корпус	1	Никелированная латунь CW617N
4	Уплотнительное кольцо	1	СКЭПТ
5	Распорная деталь	1	NIRETAN A EXL SC
6	Зажимное кольцо	1	Нержавеющая сталь AISI 301
7	Расцепляющая втулка	1	GRIVORY GV-5H
8	Муфта	1	GRIVORY GV-5H
